

SUNDAY: MICRO SKILLS

Every workshop we teach is unique and tailored to the location and the needs of the learners. Day one focuses on taking the window apart and putting it back together. Day two focuses on some of the most practical repairs common to the double hung window such as (but certainly not limited to) fixing glass, epoxy and wood repairs.

EXAMPLE TOPICS

- Sash Makeover
 - Paint stripping
 - Glaze and glass removal
 - Glass cutting
 - Heat gun/Cobra
 - Sanding and surface prep
 - Glazing
- Frame Makeover
 - Basic Carpentry
 - Sills and Casings
 - Epoxy-based repairs
 - Tuning
- Painting Techniques
 - Oil based primers
 - Water based topcoats
 - Brushes and brush care
